NARRATIVE REPORT ON THE DIVISION/CITY WIDE EARTHQUAKE DRILL

July 2, 2014

Our City Disaster Risk Reduction & Management Council (CDRRMO) of Antipolo City together with our Education Program Supervisor Mr. Lolito A. Makiramdam set the Division Wide Simultaneous Earthquake Drill on Wednesday July 2 at 9:00 am.

The CDRRMO Team together with Mr. Makiramdam conducted the said Drill to assess and evaluate the preparedness and readiness of the schools in Antipolo City Division. After the said drill the school personnel & the children listened on the team's assessment.

The Team As well as Mr. Makiramdam have given positive & negative feedback with regards to the said drill, which made clear to everyone to be able to manage themselves in times like this. Such as; if siren is loud enough to be heard by all drill participants, when to evacuate from their respective rooms & who should go out first from the room & from the building to avoid accident, where should be the proper designated area of the children, if they were able to practice the **“DUCK, COVER, & HOLD”** ., If the participants run or walk faster , if the teacher did the head counting , if the evacuation area is big enough to all the participants, the Evacuation Plan Area. The First Aid Area / Medical Team headed by the School Red Cross Coordinator & Health Clinic Coordinator with the help of the School's Child Health Promoters (CHP'S) were deployed if any accident may occur.

They also made mention on the part where the school should improve the do's & don'ts as well.

From the evaluation itself it is very evident that the school is religiously doing & practicing the School's readiness & preparedness on natural calamities like this. As we all say “Prevention is better than cure.”

MERLINDA D. CIELO

School Disaster Coordinator

BERNADETTE I. BERBER

Principal II

**REVEALING THE TRUTH BEHIND THE SCENARIO
FROM THE EAGLES' EYE OF THE CDRRMO & MR. MAKIRAMDAM**

**Mr. Lolito A. Makiramdam
The City Disaster Risk
Reduction & Management
Office (CDRRMO) of Antipolo City
Gov. as they gave their assessment
& evaluation on the said
Earthquake Drill.**

**Both were very firm of what
they have noticed to be
improved in order for the
school children & personnel
be safe in moments like this.**

Take a look at the very attentive Mrs. Bernadette I. Berber, the teachers & the pupils as they listen to Mr. Makiramdam & to the CDRRMO Team.

Feeling real? Don't worry guys this is just a matter of preparing everyone for you to know how you will manage yourself in times of earthquake.

This only shows that the DepEd family & City Gov. care for all of us

What a beautiful view !!!

“Be careful children you might fall ” said Mrs. Daisy Merin to her pupils in going down as they heard the siren stopped.

Mmm...Two thumbs up CHP's you're really doing your job.

Hey guys it seems that somebody got Injured. Tsk..tsk..tsk.
